Please tick one or more of the licensing objectives that your representation relates to:	
Prevention of crime and disorder	☐ No
Public Safety	☐ No
Prevention of public nuisance	☐ Yes
Protection of children from harm	☐ No

Please summarise your concerns about this application:

The immediate area is a busy part of the city with a mixed use of mainly retail, food outlets and bars.

However, there is a first floor flat above the premises and several more adjoining on either side. There are also several residential properties opposite on Ruding Road.

The application is to extend the hours of licensable activities from:
-   Midnight on Monday-Thursday
-   0100 Hrs. on Friday -Sunday
  to 0300 Hrs. daily.

The existing licensable activities include:
- indoor playing of recorded music
- indoor performance of live music
- indoor performance of dance
- supply of alcohol.

During the daytime, road traffic, commercial activity and on-street activity are the dominant noise sources in the locality. However, later in the evening and into the early hours of the morning traffic noise and street noise noticeably reduces.

I am concerned that allowing the premises to operate such long hours will increase the likelihood of noise complaints and cause disturbance to residents by customers visiting the premises throughout the night and particularly into the early hours of the morning. There is also the likelihood of noise disturbance from deliveries and staff activities.

I will attempt to contact the applicant regarding my concerns and to discuss any possible noise limiting arrangements.

Please give further details of <u>why</u> you believe this application will have an adverse effect on the licensing objectives.

Occupants of adjoining and nearby residential properties could be adversely affected by noise from activity inside the premises, particularly when windows and doors are open.

Occupants of adjoining and nearby residential properties could be adversely affected by noise from patrons gathering outside the front of the premises, including after closing time.

Occupants of adjoining and nearby residential properties could be adversely affected by noise from deliveries and staff activities.
