Application No. (If known):**Please tick one or more of the licensing objectives that your representation relates to:**

Prevention of Crime and Disorder, Prevention of Public Nuisance

Please summarise your concerns about this application: This bar is located on the corner of Hinckley Road and Ridley Street at 90 degrees to the back additions of residential housing all along the odd numbered side of Ridley Street. This is an afocarribbean restaurant/bar and plays a lot of music with a bass beat than can be heard in nearby residential properties. The rear door is often open which makes it worse, and at the end of the opening hours they throw bottles into a skip so there is noise from breaking glass. This is a noise nuisance and happens late at night.any extension to opening hours will make the problem worse. There is also late night noise from

patrons leaving the premises and being collected by cars and Taxis. These premises used to be Norths Butchers but planning consent was granted with conditions such as opening hours which are routinely breached. I would ask the Licensing Committee to consult with colleagues in the Noise Control Team for their views on this activity.

Please give further details of WHY you believe this application will have an adverse effect on the licensing objectives : The late night noise already occurs so extending the hours will cause further noise nuisance.

Are there any changes that could be made to the application that would reduce or remove your concerns?: Yes

Please explain what changes you think would help: The licensable activities should be restricted to more reasonable hours in line with their planning consent. I would ask the licensing authority to seek confirmation from planning over the permitted opening hours.

My father, [REDACTED] is a retired Environmental Health Officer who worked in the Noise Control Team and he has my consent to answer or clarify any points I have made in this submission. He can be contacted via [REDACTED]
Or [REDACTED]

If appropriate, would you be willing to take part in mediation to try to reach an agreed outcome?: No
