

Active Travel Funding

Appendix A – Indicative Project List

The below projects currently represent the proposed projects to be delivered using the Consolidated Active Travel Fund. These projects are subject to change during design, consultation, and delivery.

Stream one – Rally Park Phase 2

Design and construction of phase 2 of Rally Park, which includes works to link the new pathways built under phase 1 up to the new school site, across and into Fosse Road North, and embed the same principles of creating additional community value via lighting, seating, and vegetation improvements.

Stream two – Strategic Cycle Infrastructure design

Assessment and design work for the next stage of strategic cycling link delivery on routes and locations identified following adoption of the Leicester City Local Cycling and Walking Infrastructure Plan.
