Subject: 261 express ltd ; 261 Hinckley road Leicester

Dear sirs

Please find my objections for the license application for 261 express ltd The extra noise with cars parking on Moyston Street, cars doors being open and closed late at night this is a residential street with people who work shifts myself including.

People drinking in the street standing around talking late into the night.

We have a number of schools nearby with children walking to and from school morning and afternoon.

We already have a mosque next door to our premises which impacts on our sleep pattern with them coming to early morning prayers, which creates extra traffic in the area .

With the problem we have with fly tipping in the area this would also create extra rubbish with people leaving empty bottles and cans in the street.

We already have a problem with people sitting on Hinckley Road drinking which sometimes makes it very intimidating for women walking past.

I hope you consider these objections

Kind Regards

RE: 261 Express Ltd, 261 Hinckley Road, Leicester, LE3 0TH

To whom it may concern,

I object to an alcohol licence for this shop, the selling of late night refreshments and the late opening hours.

I am also concerned that the notice on the shop does not include the email address of the licensing department for objections to be sent to.

In my opinion there will be increased noise, litter and anti-social behaviour in what is largely a residential area.

There are already plenty of shops very close by that sell alcohol. There are 4 within a few hundred yards along this stretch of Hinckley Road.

Responsible drinkers are unlikely to be buying alcohol so late at night.

This area is already home to a number of street drinkers and the associated nuisance that that causes (noise, violence, litter, anti-social behaviour). People hang around on the corner drinking at night (making noise, urinating and leaving drink cans and food containers for residents to clear up). Yet another shop selling alcohol (and late night food) will likely worsen existing problems, and being able to buy alcohol so late at night certainly will not help those with alcohol problems.

People also regularly drink in groups outside the parade of shops on Hinckley Road, and this can be intimidating to walk past. I fear that having alcohol available so late will worsen this problem.

I cannot see why a shop at the end of a residential street should stay open so late. As a [REDACTED] resident I am already disturbed by the comings and goings at very early and late times of the day from the nearby place of worship. Some people can be noisy leaving the restaurant on the opposite corner, but at least that doesn't stay open until midnight. I object to such late hours for the shop regardless of whether alcohol is sold or not. I'm not looking forward to being woken up by the noise of the shutters being closed after midnight on a daily basis.

If this license is granted it will be another thing that makes life for local residents just a bit worse.

Thank you for taking the time to read my objections.

Kind regards

To whom it may concern,

I want to object to the new shop 261 Express selling alcohol and being open so late. I don't want to see and hear more drunk people on my street or nearby. Also there is already too much traffic on the street because of the mosque. There are already lots of bottles and cans left around and other rubbish which make the area very messy. This would mean more litter.

Regards
