Our proposal is to replace the current chain link type fencing that goes around the tennis courts at Aylestone Hall Gardens.

The current fencing is over 20yrs of age and is now becoming a hazard for tennis players and the users of the gardens. There are a number of holes, wires becoming unattached and fence posts are loose.

The playing surface was resurfaced a couple of years ago and the new fence would complete this popular and well used facility.

The fence is deteriorating weekly and would be very costly to repair so it was felt that it would be more cost effective that it would be replaced with an all steel weldmesh type fencing (The same fencing at tennis courts at Knighton Park and Monks Rest Gardens).

If we don't replace the fence then we run the risk that we may have to close the courts as they will become too unsafe to use.
 The courts are used all year round by all ages and is a very popular facility in the Aylestone area.
 Please contact me if you require more information.
