To Licensing Department,

I would like to show my support for Mr Ajay Valgi to open a business at 2B Uppingham road Leicester. I understand that, I am aware he will be serving food and alcohol. Also that he intends to open 7 days a week, and late hours Friday/Saturday (2am)

I do believe there is a good enough reason for restaurant/bars like this to open, with flexibility. We need more choice in this area. I am a resident in the vicinity. I and my family do not believe the licensing objectives will be undermined

I personally do not believe this would be negative in any way, as shift workers need businesses like this to open for longer hours , due to the different work times .
