Licensing Department – Leicester city council

I have lived on Narborough Road in Leicester for years, the main problem I found with living here is all the drunks and problems they bring. I have come across drunken people that are rude and aggressive to me, they also make a lot of rubbish and they even urinate in my ally way. I have just found out that a news agent, narborough news of 93 narborough road has also now applied to be able to sell alcohol, I hope you will take my views in to consideration and not allow this news agents to be able to add to the problem we have with drinking on narborough road.

Many thanks
