

Leicester Food Hall and Masterplan  
 Information for Project Board Meeting : 26.02.2013  
 Produced By Greig & Stephenson Architects

**Zinc roofing**

- Natural, maintenance free
- 100% recyclable - no downcycling
- 100% recycling rate
- Low primary energy demand
- Durable - up to 100 years
- A realistic lifespan of 75 years is given for BS10822004 products. Others average 50 years
- Estimated zinc 20% cheaper than with applied finish - weathers to show the aesthetic to complement context
