Useful Information:

- Ward(s) affected: New Parks, Western Park, Latimer, Eyres Monsell
- Author: Tracie Rees
- Author contact details Ext 2301

1. Summary

- 1.1 This report provides an indicative timetable for the actions needed to support existing residents living in the Council's Elderly Persons Homes that are due to be closed. See Appendix 1.
- 1.2 Appendix 2 provides an anonymised summary of the progress of individual residents to move to alternative accommodation, where the homes are to be closed in phase I (Herrick Lodge, Elizabeth House and Nuffield House). The provision of this information has been agreed by the Council's Information Governance service.
- 1.3 The information details progress against the 7 stages in the "My Moving Plan" process. Most residents are currently on Stage 3 of the process and their reassessments are underway.
- 1.4 Some residents are now getting close to stage 4. Stage 4 is when residents and/ or their families generally start visiting homes. In every case the Council offers the support of a care management officer to view the homes. Where residents want to view homes themselves, their key worker will be released to support them on the visit if that is what they want.
