Better Care Fund 2016-17 Planning Template DRAFT v5

Overview

The purpose of this template is to collect finance and activity information from CCGs, local authorities, and HWBs in relation to Better Care Fund plans for 2016-17. The template represents the minimum collection required to provide assurance that plans meet the requirements of the Better Care Fund policy framework set out by the Department of Health and the Department of Communities and Local Government [INSERT LINK]. This information will be used during the regionally lead assurance process in order to ensure that BCF plans being recommended for sign-off meet technical requirements of the fund.

The information collected within this template is therefore not intended to function as a 'plan' but rather as a submission of data relating to a plan. A narrative plan will also need to be provided seperately to regional teams, but this will not be conducted via a centrally submitted template for 2016-17. CCGs, local authorities, and HWBs will want to consider additional finance and activity information that they may wish to include within their own BCF plans that is not captured here.

This tab provides an overview of the information that needs to be completed in each of the other tabs of the template. This should be read in conjunction with Annex J of the NHS Shared Planning Guidance for 2016-17; Better Care Fund Planning Requirements for 2016-17', which is published here: [INSERT LINK].

The full submission timeline is set out as follows:

[INSERT TIMELINE]

Introduction

Throughout the template, cells which are open for input have a yellow background and those that are pre-populated have a blue background, as below:

Data needs inputting in the cell

Pre populated cell

The details of each sheet within the template are outlined below.

Checklist

This is a checklist in relation to cells that need data inputting in the each of the sheets within this file. It is sectioned out by sheet name and contains the question, cell reference (hyperlinked) for the question and two separate checks

- the 'tick-box' column (D) is populated by the user for their own reference (not mandatory), and
- the 'checker' column (E) which updates as questions within each sheet are completed.

Once all tick-boxes have been selected the 'sheet completed' cell will change to green and contain the word "Yes".

The checker column (E) has been coloured so that if a value is missing from the sheet it refers to, the cell will be Red and contain the word "No" - once completed the cell will change to Green and contain the word "Yes".

Once the checker column contains all cells marked "Yes" the 'Incomplete Template' cell (B6) will change to 'Complete Template'.

Please ensure that all boxes on the checklist tab are green before submission.

1. Cover

The cover sheet provides essential information on the area for which the template is being completed, contacts and sign off. The selection of your Health and Wellbeing Board on this sheet also then ensures that the correct data is prepopulated through the rest of the template.

On the cover sheet please enter the following information:

- The Health and Well Being Board;
- The name of the lead contact who has completed the report, with their email address and contact number for use in resolving any queries regarding the return;
- The name of the lead officer who has signed off the report on behalf of the Health and Well Being Board.

Question completion tracks the number of questions that have been completed, when all the questions in each section of the template have been completed the cell will turn green. Only when all 6 cells are green should the template be sent to england.bettercaresupport@nhs.net

2. Summary and confirmations

This sheet summarises information provided on sheets 2 to 5, and allows for confirmation of the amount of funding identified for supporting social care and any funds ring-fenced as part of risk sharing arrangement. To do this, there are 2 cells where data can be input.

On this tab please **enter the following information:**

- In cell D29, please confirm the amount allocated for ongoing support adult social care. This may differ from the summary of HWB expenditure on social care which has been calculated from infromation provided in the 'HWB Expenditure Plan' tab. If this is the case then cell E29 will turn yellow. Please use this to indicate the reason for any variance;
- In cell F39 please indicate the total value of funding held as a contingency as part of local risk share, if appropriate. For guidance on instances when this may be appropriate please consukt the full BCF Planning Requirements document. Cell F36 shows the HWB share of the national £1bn that is to be used as set out in national condition 6. Cell F37 shows the value of investment in NHS Commissioned Out of Hospital Services, as calculated from the 'HWB Expenditure Plan' tab. Cell F39 will show any potential shortfall in meeting the financial requirements of the condition.

The rest of this tab will be populated from the information provided elsewhere within the template, and provides a useful printable summary.

3. HWB Funding Sources

This sheet should be used to set out all funding contributions to the Health and Wellbeing Board's Better Care Fund plan and pooled budget for 2016-17. It will be pre-populated with the minimum CCG contributions to the Fund in 2016/17, as confirmed within the BCF Allocations spreadsheet. [INSERT LINK] These cannot be changed.

On this tab please enter the following information:

- Please use rows 15-24 to detail Local Authority funding contributions by selecting the relevant authority from the drop down in column B and then entering the values of the contirbutions in column C. This should include all mandatory transfers made via local authorities, as set out in the BCF Allocations spreadsheet, and any additional local authority contributions. There is a comment box provided to detail how contributions are made up.
- Please use cell C41 to indicate whether any additional CCG contributions are being made. If 'Yes' is selected then rows 44 to 53 will turn yellow and can be used to detail all additional CCG contributions to the fund by selecting the CCG from the drop down boxes in column B and enter the values of the contributions in column C.

Cell C56 then calaculates the total funding for the Health and Wellbeing Board.

4. HWB Expenditure plan

This sheet should be used to set out the full BCF scheme level spending plan. The table is set out to capture a range of information about how schemes are being funded and the types of services they are providing, which is required to demonstrate how the national policy framework is being achieved. Where a scheme has multiple funding sources this can be indicated and split out, but there may still be instrances when several lines need to be complated in order to fully describe a single scheme. In this case please use the scheme name column to indicate this.

On this tab please enter the following information:

- Enter a scheme name in column B;
- Select the scheme type in column C from the dropdown menu (descriptions of each are located in cells B68 C76); if the scheme type is not adequately described by one of the dropdown options please choose 'other' and give further explanation in column D;
- Select the area of spending the scheme is directed at using from the dropdown menu in column E; if the area of spending is not adequately described by one of the dropdown options please choose 'other' and give further explanation in column F;
- Select the commissioner and provider for the scheme using the dropdown menu in columns G and J, noting that if a scheme has more than one provider or commissioner, you should complete one row for each. For example, if both the CCG and the local authority will contract with a third party to provide a joint service, there would be two lines for the scheme: one for the CCG commissioning from the third party;
- In Column K please state where the expenditure is being funded from. If this falls across multiple funding streams please enter the scheme across multiple lines;
- Complete column L to give the planned spending on the scheme in 2016/17;
- Please use column M to indicate whether this is a new or existing scheme.

This is the only detailed information on BCF schemes being collected centrally for 2016-17 but it is expected that detailed scheme level plans will continue to be developed locally.

5. HWB Metrics

This sheet should be used to set out the Health and Wellbeing Board's performance plans for each of the Better Care Fund metrics in 2016-17. This should build on planned and actual performance on these metrics in 2015-16. The BCF requires plans to be set for 4 national metrics and 2 local metrics. The non-elective admissions metric does not currently require any input of data during the first submission - once CCG plans have been collected this data will be populated into this template by the national team and sent back in time for the second submission. At this point Health and Wellbeing Boards will be able to amend, confirm, and comment on non-elective admission targets. The full specification and details around each of the six metrics is included in the BCF Planning Requirements document. Comments and instructions in the sheet should provide the information required to complete the sheet.

On this tab please enter the following information:

- In cell F48 please enter your planned level of residential admissions for 2016-17. The actual rate for 14-15 and the planned rate for 15-16 are provided for comparison. Please add a commentary in column G to provide any useful information in relation to how you have agreed this figure.
- Please use cell F57-59 to set out the proportion of older people (65 and over) who were still at home 91 days after discharge from hospital into reablement / rehabilitation services. By entering the denominator figure in cell F59 (the planned total number of older people (65 and over) discharged from hospital into reablement/ rehabilitation services) and the numerator figure in cell F58 (the number from within that group still at home after 91 days) the proportion will be calculated for you in cell F57. Please add a commentary in column G to provide any useful information in relation to how you have agreed this figure.
- Please use rows 74-76 to update information relating to your locally selected performance metric. The local performance metric set out in cell B74 has been taken from your 2015/16 approved BCF plan and 2015/16 Q1 return these local metrics can be amended, as required.
- You may also use rows 82-84 to update information relating to your locally selected patient experience metric, although this is no longer a national requirement. The local patient experience metric set out in cell B82 has been taken from your 2015/16 approved BCF plan and 2015/16 Q1 return.

6. National Conditions

This sheet requires the Health & Wellbeing Board to confirm whether the eight national conditions detailed in the Better Care Fund Planning Guidance are on track to be met through the delivery of your plan in 2016-17. The conditions are set out in full in the BCF Policy Framework [INSERT LINK] and further guidance is provided in the BCF Planning Requirements document [INSERT LINK]. Please answer as at the time of completion.

On this tab please enter the following information:

- For each national condition please use column C to indicate whether the condition is being met. The sheet sets out the eight conditions and requires the Health & Wellbeing Board to confirm either 'Yes', 'No' or 'No in development' for each one. 'Yes' should be used when the condition is already being fully met, or will be by 31st March 2016. 'No plan in place' should be used when a condition is not currently being met but a plan is agreed to meet this through the delivery of your BF plan in 2016-17. 'No' should be used to indicate that there is currently no plan agreed for meeting this condition.
- Please use column C to indicate when it is expected that the condition will be met if it is not being currently.
- Please detail in the comments box issues and/or actions that are being taken to meet the condition, or any other relevant information.

CCG - HWB Mapping

The final tab provides details of the CCG to HWB mapping used to calculate contributions to Health and Wellbeing Board level non-elective activity plans.

Better Care Fund 16/17 Planning Template

Data collection checklist

| This is a checklist in relation to cells that need data inputting in the each of the sheets within this file. |
|---|
| It is sectioned out by sheet name and contains the question, cell reference (hyperlinked) for the |
| question and two separate checks |
| |

- the 'tick-box' column (D) is populated by the user for their own reference (not mandatory), and - the 'checker' column (E) which updates as questions within each sheet are completed. Once all tick-boxes have been selected the 'sheet completed' cell will change to green and contain the word "Yes". The checker column (E) has been coloured so that if a value is missing from the sheet it refers to, the cell will be Red and contain the word "No" - once completed the cell will change to Green and contain the word "Yes". Once the checker column contains all cells marked "Yes" the 'Incomplete Template' cell (B6) will change to 'Complete Template'. Please ensure that all boxes on the checklist tab are green before submission.

Cover and Basic Details - Better Care Fund Planning Template

2016/17

The cover sheet provides essential information on the area for which the template is being completed, contacts and sign off. The selection of your Health and Wellbeing Board on this sheet also then ensures that the correct data is prepopulated through the rest of the template.

On the cover sheet please enter the following information:

- The Health and Well Being Board;
- The name of the lead contact who has completed the report, with their email address and contact number for use in resolving any queries regarding the return;
- The name of the lead officer who has signed off the report on behalf of the Health and Well Being Board. Question completion tracks the number of questions that have been completed, when all the questions in each section of the template have been completed the cell will turn green. Only when all 6 cells are green should the template be sent to england.bettercaresupport@nhs.net

| Health and Well Being Board | Leicester | |
|---|---|--|
| | | |
| completed by: | David Lewis | |
| | | |
| E-Mail: | David.Lewis@LeicesterCityCCG.nhs.uk | |
| | | |
| Contact Number: | 0116 295 1481 | |
| | | |
| Who has signed off the report on behalf of the Health and Well Being Board: | Councillor Rory Palmer, Chair of Leicester City Health and Well | |
| | | |

Question Completion - when all questions have been answered and the validation boxes below have turned green you should send the template to england.bettercaresupport@nhs.net saving the file as 'Name HWB' for example 'County Durham HWB'

Summary of Health and Well-Being Board 2016/17 Planning Template

Selected Health and Well Being Board:

Leicester

Data Submission Period:

2016/17

3. HWB Funding Sources

This sheet summarises information provided on sheets 2 to 5, and allows for confirmation of the amount of funding identified for supporting social care and any funds ring-fenced as part of risk sharing arrangement. To do this, there are 2 cells where data can be input.

On this tab please enter the following information:

- In cell D29, please confirm the amount allocated for ongoing support adult social care. This may differ from the summary of HWB expenditure on social care which has been calculated from infromation provided in the 'HWB Expenditure Plan' tab. If this is the case then cell E29 will turn yellow. Please use this to indicate the reason for any variance; - In cell F39 please indicate the total value of funding held as a contingency as part of local risk share, if appropriate. For guidance on instances when this may be appropriate please consukt the full BCF Planning Requirements document. Cell F36 shows the HWB share of the national £1bn that is to be used as set out in national condition 6. Cell F37 shows the value of investment in NHS Commissioned Out of Hospital Services, as calculated from the 'HWB Expenditure Plan' tab. Cell F39 will show any potential shortfall in meeting the financial requirements of the condition. The rest of this tab will be populated from the information provided elsewhere within the template, and provides a useful printable summary.

| | Gross Contribution |
|------------------------------------|---------------------------|
| Total Local Authority Contribution | £0 |
| Total Minimum CCG Contribution | £21,861,000 |
| Total Additional CCG Contribution | £0 |
| Total Contribution | £21,861,000 |

4. HWB Expenditure Plan

Summary of BCF Expenditure

| Summary of BCF Expenditure | | adult social care | |
|----------------------------|-------------|-------------------|--|
| | Expenditure | Expenditure | |
| Acute | £1,926,540 | | |
| Mental Health | £314,927 | | |
| Community Health | £2,581,195 | | |
| Continuing Care | £0 | | |
| Primary Care | £2,600,292 | | |
| Social Care | £14,075,289 | £14,075,289 | |
| Other | £362,757 | | |
| Total | £21,861,000 | | |

Summary of NHS Commissioned out of hospital services spend from MINIMUM BCF Pool

| | Expenditure |
|------------------|-------------|
| Mental Health | £0 |
| Community Health | £0 |
| Continuing Care | £0 |
| Primary Care | £0 |
| Social Care | £0 |
| Other | £0 |
| Total | £0 |

| | Q1 | Q2 | Q3 | Total |
|---|----|----|----|-------|
| Total HWB Planned Non-Elective Activity | 0 | 0 | 0 | 0 |

Residential Admissions

| | Planned 16/17 | |
|---|---------------|-------------|
| | | |
| Long-term support needs of older people (aged 65 and over) met by admission | | |
| to residential and nursing care homes, per 100,000 population | Annual rate | 634.3848857 |

Reablement

| | | Planned 16/17 |
|--|----------|---------------|
| Permanent admissions of older people (aged 65 and over) to residential and | | |
| nursing care homes, per 100,000 population | Annual % | 90% |

Delayed Transfers of Care

| Delayed Transfers of Care (delayed days) from hospital per 100,000 population | | Q1 (Apr 16 - Jun 16) | Q2 (Jul 16 - Sep 16) | Q3 (Oct 16 - Dec 16) | Q4 (Jan 17 - Mar 17) |
|---|----------------|----------------------|----------------------|----------------------|----------------------|
| (aged 18+). | Quarterly rate | 566.8 | 532.1 | 497.4 | 460.2 |

Local performance metric (as described in your approved BCF plan / Q1 return)

| | Metric Value |
|---|---------------|
| | Planned 16/17 |
| | |
| Number of patients on dementia registers as % of the estimated dementia | |
| prevalence (national indicator) | 0.700030239 |

Local defined patient experience metric (as described in your approved BCF plan / Q1 return)

| | Metric Value |
|---|---------------|
| | Planned 16/17 |
| Taken from GP Survey | |
| (For respondents with a long-standing health condition) | 8.8 |

6. National Conditions

| Condition | Please Select (Yes, No or No - plan in place) |
|--|--|
| 1) Plans to be jointly agreed | Yes |
| 2) Maintain provision of social care services (not spending) | Yes |
| 3) Agreement for the delivery of 7-day services across health and social care to prevent unnecessary non-elective admissions to acute settings and to facilitate | |
| transfer to alternative care settings when clinically appropriate | Yes |
| 4) Better data sharing between health and social care, based on the NHS number | Yes |
| 5) Ensure a joint approach to assessments and care planning and ensure that, where funding is used for integrated packages of care, there will be an | |
| accountable professional | Yes |
| 6) Agreement on the consequential impact of the changes on the providers that | |
| are predicted to be substantially affected by the plans | No - in development |
| 7) Agreement to invest in NHS commissioned out-of-hospital services | Yes |
| 8) Agreement on a local target for Delayed Transfers of Care (DTOC) and | |
| develop a joint local action plan | Yes |

Health and Well-Being Board Expenditure Plan

Selected Health and Well Being Board:

Data Submission Period: 2016/17

Expenditure Plan

This sheet should be used to set out the full BCF scheme level spending plan. The table is set out to capture a range of information about how schemes are being funded and the types of services they are providing, which is required to demonstrate how the national policy framework is being achieved. Where a scheme has multiple funding sources this can be indicated and split out, but there may still be instrances when several lines need to be complated in order to fully describe a single scheme. In this case please use the scheme name column to indicate this. On this tab please enter the following information:

this can be indicated and split out, but there may still be instrances when several lines need to be complated in order to fully describe a single scheme. In this case please use the scheme name column to indicate this. On this tab please enter the following information:

- Enter a scheme name in column B;

- Select the scheme type in column C from the dropdown menu (descriptions of each are located in cells 868 - C76); if the scheme type is not adequately described by one of the dropdown options please choose 'other' and give further explanation in column D;

- Select the area of spending the scheme is directed at using from the dropdown menu in column E; if the area of spending is not adequately described by one of the dropdown options please choose 'other' and give further explanation in column F;

- Select the commissioner and provider for the scheme using the dropdown menu in columns G and J, noting that if a scheme has more than one provider or commissioner, you should complete one row for each. For example, if both the CCG and the local authority will contract with a third party to provide a joint service, there would be two lines for the scheme: one for the CCG commissioning from the third party and one for the local authority commissioning from the third party;

- In Column K please state where the expenditure is being funded from. If this falls across multiple funding streams please enter the scheme across multiple lines;

- Complete column L to give the planned spending on the scheme in 2016/17;

- Complete Column It to give use planning of in estimate in 200717,
- Please use column M to indicate whether this is a new or existing scheme.

This is the only detailed information on BCF schemes being collected centrally for 2016-17 but it is expected that detailed scheme level plans will continue to be developed locally.

| Scheme Type | <u>Description</u> |
|---|---|
| | The development of the second |
| Reablement services | The development of support networks to maintain the patient at home independently or through appropriate interventions delivered in the community setting. Improved independence, avoids admissions, reduces need for home care packages. |
| Readlement services | reduces need for nome care packages. |
| | Schemes specifically designed to ensure that the patient can be supported at home instead of admission to hospital or to a care home. May promote self management/expert patient, establishment of 'home |
| Personalised support/ care at home | ward' for intensive period or to deliver support over the longer term. Admission avoidance, re-admission avoidance. |
| | |
| | |
| Intermediate care services | Community based services 24x7. Step-up and step-down. Requirement for more advanced nursing care. Admissions avoidance, early discharge. |
| | |
| | Improving outcomes for patients by developing multi-disciplinary health and social care teams based in the community. Co-ordinated and proactive management of individual cases. Improved independence, |
| Integrated care teams | reduction in hospital admissions. |
| | |
| | Improve the quality of primary and community health services delivered to care home residents. To improve the consistency and quality of healthcare outcomes for care home residents. Support Care Home |
| Improving healthcare services to care homes | workers to improve the delivery of non essential healthcare skills. Admission avoidance, re-admission avoidance. |
| | |
| | Supporting people so they can continue in their roles as carers and avoiding hospital admissions. Advice, advocacy, information, assessment, emotional and physical support, training, access to services to |
| Support for carers | support wellbeing and improve independence. Admission avoidance |
| | |
| 7 day working | Seven day working across health and/or social care settings. Reablement and avoids admissions |
| 7 day working | Severi day working across nearth and/or social care settings, readientent and avoids admissions |
| | |
| Assistive Technologies | Supportive technologies for self management and telehealth. Admission avoidance and improves quality of care |
| | |

Health and Well-Being Board Better Care Fund Metrics

Selected Health and Well Being Board:

Leicester

Data Submission Period:

2016/17

Better Care Fund Metrics

This sheet should be used to set out the Health and Wellbeing Board's performance plans for each of the Better Care Fund metrics in 2016-17. This should build on planned and actual performance on these metrics in 2015-16. The BCF requires plans to be set for 4 national metrics and 2 local metrics. The non-elective admissions metric does not currently require any input of data during the first submission - once CCG plans have been collected this data will be populated into this template by the national team and sent back in time for the second submission. At this point Health and Wellbeing Boards will be able to amend, confirm, and comment on non-elective admission targets. The full specification and details around each of the six metrics is included in the BCF Planning Requirements document. Comments and instructions in the sheet should provide the information required to complete the sheet. On this tab please enter the following information:

- In cell F48 please enter your planned level of residential admissions for 2016-17. The actual rate for 14-15 and the planned rate for 15-16 are provided for comparison. Please add a commentary in column G to provide any useful information in relation to how you have agreed this figure.

- Please use cell F57-59 to set out the proportion of older people (65 and over) who were still at home 91 days after discharge from hospital into reablement / rehabilitation services. By entering the denominator figure in cell F59 (the planned total number of older people (65 and over) discharged from hospital into reablement/ rehabilitation services) and the numerator figure in cell F58 (the number from within that group still at home after 91 days) the proportion will be calculated for you in cell F57. Please add a commentary in column G to provide any useful information in relation to how you have agreed this figure.

- Please use rows 74-76 to update information relating to your locally selected performance metric. The local performance metric set out in cell B74 has been taken from your 2015/16 approved BCF plan and 2015/16 Q1 return - these local metrics can be amended, as required.

- You may also use rows 82-84 to update information relating to your locally selected patient experience metric, although this is no longer a national requirement. The local patient experience metric set out in cell B82 has been taken from your 2015/16 approved BCF plan and 2015/16 Q1 return

HWB NEA Activity plan

^{**} This is calculated as the % contribution of each CCG to the HWB level plan, based on the CCG-HWB mapping (see tab CCG - HWB Mapping)

National Conditions

Selected Health and Well Being Board:

Leicester

Data Submission Period:

2016/17

National Conditions

This sheet requires the Health & Wellbeing Board to confirm whether the eight national conditions detailed in the Better Care Fund Planning Guidance are on track to be met through the delivery of your plan in 2016-17. The conditions are set out in full in the BCF Policy Framework [INSERT LINK] and further guidance is provided in the BCF Planning Requirements document [INSERT LINK]. Please answer as at the time of completion. On this tab please enter the following information:

- For each national condition please use column C to indicate whether the condition is being met. The sheet sets out the eight conditions and requires the Health & Wellbeing Board to confirm either 'Yes', 'No' or 'No in development' for each one. 'Yes' should be used when the condition is already being fully met, or will be by 31st March 2016. 'No plan in place' should be used when a condition is not currently being met but a plan is agreed to meet this through the delivery of your BF plan in 2016-17. 'No' should be used to indicate that there is currently no plan agreed for meeting this condition.
- Please use column C to indicate when it is expected that the condition will be met if it is not being currently.
- Please detail in the comments box issues and/or actions that are being taken to meet the condition, or any other relevant information.

| National Conditions For The Better Care Fund 2016-17 | Does your BCF plan for 2016-17 set out a clear plan to meet this condition? | Comments |
|--|---|---|
| 1) Plans to be jointly agreed | Yes | |
| 2) Maintain provision of social care services (not spending) | Yes | |
| 3) Agreement for the delivery of 7-day services across health and social care to prevent unnecessary non-elective admissions to acute settings and to facilitate transfer to alternative care settings when clinically appropriate | Yes | |
| 4) Better data sharing between health and social care, based on the NHS number | Yes | |
| 5) Ensure a joint approach to assessments and care planning and ensure that, where funding is used for integrated packages of care, there will be an accountable professional | Yes | |
| 6) Agreement on the consequential impact of the changes on the providers that are predicted to be substantially affected by the plans | No - in development | To be aligned with CCG planning assumptions |
| 7) Agreement to invest in NHS commissioned out-of-hospital services | Yes | |
| 8) Agreement on a local target for Delayed Transfers of Care (DTOC) and develop a joint local action plan | Yes | |
