### **Internal Audit Plan – Quarter 2 2016-17**

---

#### **Report of the Director of Finance**

##### **1. Purpose of Report**

- 1.1. The Annual Internal Audit Plan for 2016-17 was prepared on the basis of broad areas of audit coverage rather than detailed lists of specific audits. It was considered by the Corporate Management Team (CMT) and was approved by the Audit and Risk Committee on 10 February 2016.
- 1.2. This report presents to Audit & Risk Committee the detailed operational audit plan for the second quarter of the financial year 2016-17.

##### **2. Recommendations**

- 2.1. The Audit & Risk Committee should note the plan for the second quarter of 2016-17, attached at Appendix A.

##### **3. Report**

- 3.1. Rather than presenting a detailed list of specific audits, the annual audit plan is grouped into areas of audit. The intention is that, given the continuing uncertainties the Council faces, the audit plan can be readily adjusted to reflect changes in risks and priorities while maintaining a sufficiency of audit coverage for each of the relevant areas.
- 3.2. The generic annual plan then becomes detailed quarterly plans as the year progresses, setting out Internal Audit's intended work for each forthcoming quarter. These plans take into account emerging risks and requests for audit involvement alongside seasonal or other external factors that influence the timing of audit work.
- 3.3. The plan for the second quarter of 2015-16 is attached at Appendix A. It should be noted that one audit 'Creditors' has slipped from Q1 into Q2 as Internal Audit lost 28 days throughout Q1 to sickness.
- 3.4. It should be borne in mind that the quarterly plans refer to audits due to be started. Inevitably, they are not all completed within the quarter so there will be residual work to complete audits started in previous quarters.

- 3.5. In identifying the audits for the each quarters plan, due regard is given to the audit areas set out in the annual plan and the need to ensure sufficient coverage of each by the end of the financial year.
- 3.6. The move to quarterly planning aligns Internal Audit’s work as closely as possible to current priorities. This allows what were previously ‘commissioned’ audits that fall within the remit of the statutory audit service to become fully part of the audit plan. The aim is then for Internal Audit to deliver the whole of this more flexible plan, subject to factors beyond Internal Audit’s direct control. Having said that, urgent requirements may still arise that cannot wait until the next quarterly plan and have to be accommodated immediately on the basis of risk to the Council.
- 3.7. The process of using a generic annual audit plan supplemented by quarterly detailed audit plans started in 2013-14 and has worked well. Future audit plans will therefore be prepared showing the specific audits that are planned to be carried out in each quarter. These will be supplemented with progress reports on the completion of the previous plans.

#### **4. FINANCIAL, LEGAL AND OTHER IMPLICATIONS**

##### **4.1. Financial Implications**

There are no direct financial implications arising from this report. However, as a result of the work carried out there would be an expectation that implementing recommendations made by Internal Audit will improve the effectiveness, efficiency and economy of service delivery, with potential for consequential reductions in cost or improvements in quality.

*Colin Sharpe, Head of Finance, x37 4081*

##### **4.2. Legal Implications**

The provision of ‘an adequate and effective internal audit’ is a statutory requirement under regulation 6 of the Accounts & Audit (England) Regulations 2011. The whole audit process is also intended to give assurance that all the activities audited have in place satisfactory arrangements to ensure compliance with relevant law and regulation applicable within the scope of the particular audit review.
