Summary Update of Penalty Points Scheme

Report of the Director of Neighbourhood and Environmental Services

1. Purpose of Report

1.1. To update the Licensing and Public Safety Committee on the council's penalty points scheme

2. Recommendations

2.1. Members are asked to note the report.

3. Background

- 3.1. The penalty points scheme relates to licensed drivers of hackney carriages and private hire vehicles. It came into effect on 1st December 2015 on a one year trial basis, and will be reviewed by the City Mayor for determination.
- 3.2. The aim of a penalty points scheme is to provide a consistent approach to dealing with unsatisfactory conduct by licensed drivers, thereby improving driving standards. The scheme acts as a record of a driver's behaviour and conduct to ascertain whether they are a fit and proper person to hold a licence. The scheme does not prejudice the Council's ability to take other action, such as prosecution where this is considered appropriate. If a driver has been given penalty points, it may reduce the duration of the next driver's licence that we issue on renewal.
- 3.3. The current system of enforcement remains unchanged. Any contravention of statutes, rules, regulations and conditions are dealt with in a number of ways, including written notices, written warnings, suspension notices, and prosecution.
- 3.4. The penalty points scheme is separate to the guidelines on convictions, which continues to run in its present form.

3.5. The penalty points scheme deals with unsatisfactory conduct. Points may be issued according to the agreed and published tariff. The points tariff is as follows:

	Offence/Breach of Condition	Maximum Points Applicable
1	Providing false or misleading information on licence application form, or failing to provide relevant information.	3
2	Failure to use taxi meter for journeys within prescribed distance	5
3	Refusal to accept hiring without reasonable cause	5
4	Parking a vehicle in contravention of parking restrictions	4
5	Failure to display appropriate plates, or plate improperly secured, or failure to display door signs.	3
6	Failure to wear driver's badge	3
7	Failure to undertake 6 monthly vehicle examination	4
8	Driving a vehicle in an unroadworthy condition (e.g. prohibition notice)	4
9	Failure to notify Licensing Authority of a conviction	3
10	Making of false or misleading statement on licence application form	3
11	Failure to comply with the drivers' code of conduct.	1

- 3.6. Points given to a driver remain on their record for three years from the date they are applied. This was considered to be of sufficient length so as to allow any licensee who may find themselves accumulating penalty points to modify their conduct before facing the possibility of sanctions being taken against them. It is also consistent with the length of time penalty points remain on DVLA licences.
- 3.7. Penalty points are currently issued by the Head of Regulatory Services. Decisions take into account all of the circumstances and are based on documentary evidence, evidence provided by enforcement staff that were present when the infringement took place or written statements from members of the public. Drivers are notified as soon as possible after the alleged conduct took place and are given an opportunity to give an explanation of the circumstances of the allegations being made.
- 3.8. If a driver exceeds 12 penalty points in any three year period, they will be referred to the Licensing Enforcement Sub-Committee, which would consider whether the driver was a fit and proper person to retain their hackney carriage and private hire driver's licence. The Enforcement Sub-Committee would be provided with the information which lead to the imposition of the penalty points and the driver would be given an opportunity to explain why they should still be considered a fit and proper person to hold a licence. Options available to the Committee would include revocation or

- suspension of the licence, imposition of additional conditions, such as further training, or to take no action.
- 3.9. The penalty points scheme will be reviewed after 12 months to assess whether it is achieving its objectives, whether it is working fairly, whether the points tariff for each type of offence is reasonable and whether other categories of infringement need to be added.
